KING CABS & TRAVEL

King Cabs at a glance

King Cabs and travel was launched in the year 2014 with a short-term objective of offering a safe and reliable medium of travel to customers and a long-term vision of giving form and structure to organizations practicing outsourced transport services.

Company Mission

To build an Institution, which will achieve customer loyalty through understanding ever-changing needs, deliver service quality and follow value for money approach.

Company Vision

To be the leading service provider in Africa.

King Cabs intends to be the preferred option for all its stakeholders through consistently building, preserving and delivering high value to them.

Transport Services

- Taxi services within the city and its environs.
- Event transport and guided tours
- Corporate body taxi services(Outsourced Transport to an organization)

King Cabs Review

King Cabs and Travels is a new cab transport service. Our chauffer driven cab service aims to set standards for cab services in Nairobi and in the region. Our clients can expect to be handled with the highest level of care and attention by courteous and smart drivers.

King Cabs and Travels is a business name registered under Digidata Group Ltd. Digidata Group Ltd is a limited liability company and is a legal entity.

We are a new venture. Clients wishing to learn more may call or email our offices in advance to inquire further (Contact details in the footer of the document). All our vehicles are **strictly chauffeur driven**. We are stationed at iBiz Center 5th floor (Strathmore University).

We constantly inspect our vehicles to assure our valued customers that we are living up to the reputation we continue to work hard to achieve.

In addition to bringing strong domain expertise in the business, we work with our clients to enable them have their needs catered for at a fraction of our competitor prices. As per our mission we aim to offer services and solutions that are affordable to most businesses.

We strive to satisfy our customer needs by ensuring that our customer management relationship approach puts the customer and their needs first.

Why work with us?

Our main reasons;

- Affordable services and solutions
- Comfort in our spacious cabs
- Efficient and effective services
- Decent and well groomed team(Drivers)
- Customer satisfaction

- Flexible - We offer our services within the city and its outskirts. We do car hires (Driver available) and tours hence a nice range to choose from.

Our clients can expect to feel the comfort of being in their own vehicles with the following:

- FM Radio service & music - played at a reasonable volume. Our clients may also request to travel in silence.
- Mild car freshener
- Presence of basic items to use within the vehicle- a small note pad, pen and tissues.
- Assisting with hand baggage, groceries, or luggage
- Daily local Newspapers
- Entertainment & Business Magazine for your perusal
- 300ml bottled water

Our charges are based on routes. Our trips for car hire are based on per-day rates. All our rates are charged in Kenya Shillings (See rate sheet attached).

Upon request, clients (corporates) may apply for voucher service where they could use our services and receive an invoice at the end of the month. All requests for voucher will be considered and are subject to approval by management.

The passenger has the right to:

- Be picked up and transported to his/her stated destination by our available on-duty taxi driver.
- A courteous driver who provides assistance, if requested
- A taxi that is clean, smoke free and in good condition
- Direct the route, or expect the most economical route
- A quiet atmosphere, upon request

The driver has the right:

- Decline boarding if the passenger is acting in an offensive manner
- To protect his/her and any passenger's, health or safety

Our Edge

Companies are scanning for transport services to save on costs and move business processes with ease and efficiently. The current trend has shown that companies follow a strategy of reducing their costs on transport using the companies infrastructure and focus on outsourcing to find solutions. In which case, they need efficient transport specialists to help their transport process in order to solve this business need.

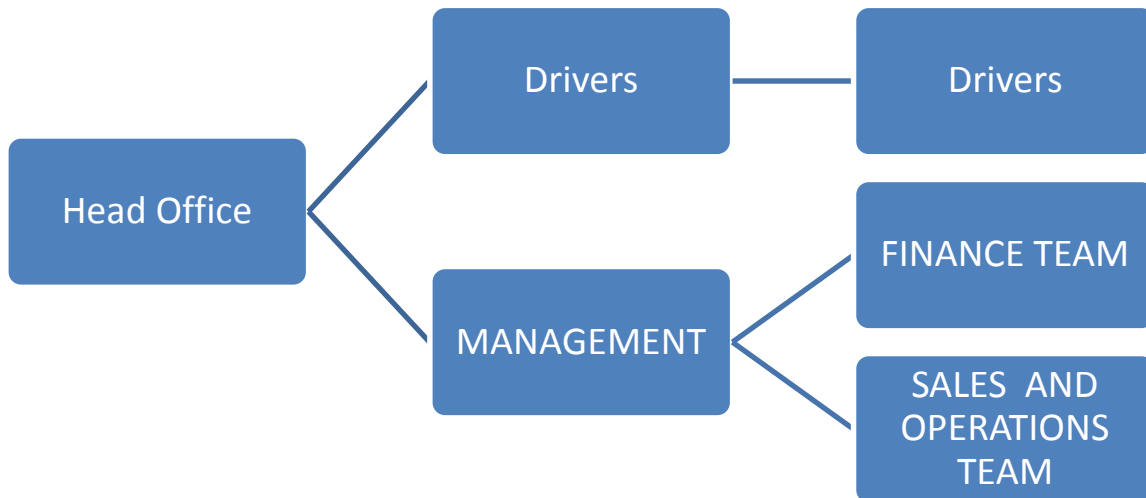

King Cabs is the right team for this once given the opportunity and the client's interest will be catered for in the best way possible

The following are our detailed benefits.

- Core Transport Knowledge: With our knowledge over transport and the operation environs, our services will yield better results to the client company.
- Transport to Business Process Integration: By collaborating with the client company, King Cab's business process integration experts map current company's process and help improve on the processes.

King Cabs and Travel offers good and reliable services which translate to value for money!
